

GENERAL INTEREST SURVEY

Arlington Neighborhoods Program

Dear Neighbor,

I am asking for your signature in support of the following neighborhood improvements:

Installation of intersection and traffic calming improvements on N Carlin Springs Rd between N Galveston St and 2nd St N/N Jefferson St.

If support from at least 60% of the affected property owners along the block on both sides of the street is shown through this petitioning process, County staff will move forward with developing a concept design. Note that there is no cost to the individual property owner for this project.

If and once a concept design is developed, all affected residents will have an opportunity to review the design and vote on moving the project to the next step, which is to seek a recommendation for funding through the Arlington Neighborhoods Program Advisory Committee (ArNAC).

While the Arlington Neighborhoods Program is a community-driven program, there are countywide priorities that must be considered during design of this project, such as the need to include stormwater infrastructure, paving, signage, striping, ADA-compliant ramps or sidewalks, street tree protection, etc. By indicating your support for this project now it is assumed that you will continue to support it unless the scope changes significantly.

If you support further design of the project described above, please mark Yes and sign below. If you do not support the project, mark No and sign below. Space has also been provided for your comments related to the above concept description.

If you have any questions, please don't hesitate to let me know.

Best regards,
Christopher George

Bluemont Neighborhood Volunteer

Concept for Improvements:

Installation of intersection and traffic calming improvements on N Carlin Springs Rd between N Galveston St and 2nd St N/N Jefferson St.

Do you support the proposed project?
